MODERN PIONEERS AT A GLANCE

COMPANY HISTORY

Heritage and a modern perspective

OUR VISION

Given our distinguished performance, hard work and expertise accumulated over the past 25 years in construction, we are looking forward to qualitative development, strategic expansion and steady growth through collaboration with public authorities and private sector developers.

OUR MISSION

We provide construction projects that add value to our clients and deliver exceptional results achieved through both our technical expertise and our modern leadership.

VALUES

Quality

We strive for excellence in quality in every step from signing projects to execution and delivery.

Safety

Ensuring a safe and healthy environment for our employees, clients and the community is our priority.

Credibility

We owe it to our stakeholders to be honest, reliable and transparent on all levels.

Commitment:

We're committed to providing the best-in-class quality to our customers and partners

Our operations cover a wide range of building constructions delivered to our clients with high standards within record time frames. Building on our expertise in infrastructure, commercial and residential projects, we aim to generate a larger, more diverse project portfolio with higher value contracts.

Modern Pioneers have the means, capabilities, and manpower to expand its scope of work to various areas of contracting especially in building roads & project infrastructure, as well as connecting water pipelines and wastewater networks.

Our capabilities, categorized as tier one by the Federation for Construction and Building Contractors, include the following specializations:

- **General Construction**
- **Wastewater and sewage networks**
- **Electromechanical and electronic work**
- **Light current networks**
- **Production and distribution of electric and water power stations**

With more than 75 projects constructed over the past 25 years, Modern Pioneers (previously known as Arab Pioneers) prides itself on having left a mark in these particular places..
